### Abstract:

Dear josha-journal readers, Before the summer really starts in Europe, josha-journal deals with a variety of topics, especially, as a warning, with a serious issue concerning German history. George M. Weisz, in his excellent study, elaborates the similarities between the genocide of Herero and Nama in Namibia and the Nazi genocide of European Jews and other groups. This should always be a warning not to forget history and to draw a lesson from it for the present and the future. We at josha-journal are committed to community and international exchange. Wherever you stay in the world and read the journal: Stay tuned to us.
