Volume 8, Issue 2

The current volume again features the full range of the Josha Journal. Follow us from India to Kosovo and to Buenos Aires. And from human prehistory to modern research. A focus is again on medicine and here on topics ranging from cancer research to various implications of the Covid pandemic.

The Journal would like to call your attention to the **2021 Demetrios Prizes**, which will be awarded again this year! This initiative is made possible by the International Academy of Sciences, Humanities and Arts (IASHA e.V.) and the BioThera Roland-Mertelsmann Foundation. For the categories Bachelor, Master and Doctor Thesis we will award three prizes in the fall of 2021 of 500 € each. For your chance to win, submit your thesis until August 31st 2021!

Now we hope you enjoy reading the journal.
